

2018 Teacher Welfare Committee

Edmonton Public Teachers Local 37
Representative at Large

ELECT

Jason Rutledge

I have been a teacher with the Edmonton Public School Board for thirteen years and I am very excited for this opportunity to represent my fellow teachers as part of the Edmonton Public Teachers Local 37 Teacher Welfare Committee.

I am committed to advocating for respectful compensation, improved teaching conditions and enhanced opportunity for professional growth.

With the ever changing economic and political environment it is important that teachers are represented and their voices are heard.

As a member of the Teacher Welfare Committee I look forward to working for the betterment of teachers.

Teaching is the one profession that creates all other professions.
